

SHADEMASTER[®]

SHELTER SYSTEMS

We have your outdoors covered

Insulated Roof Solutions

SHADEMASTER® insulated roof panels are an all-in-one roof, insulation and ceiling solution

STYLE

12 roof and 7 ceiling **colour options** gives you a choice of 84 colour combinations. The **low gloss ceiling** finish delivers an outdoor area that looks like part of your home.

FUNCTION

Excellent insulating qualities for year round climate control and **minimises exterior noise** from elements such as rain and hail. Panels clip together to form a **weather-tight**, virtually undetectable seal and are **moisture resistant** helping deter mildew and condensation. The high gloss roof reflects heat keeping the undercover area cooler in summer.

VERSATILITY

Suitable for a wide range of traditional and modern designs to enhance almost any outdoor situation including **patios, pergolas, add-on rooms, pool enclosures, outdoor kitchens, gazebos and carports**.

MINIMAL MAINTENANCE

The SHADEMASTER® HD COLOR-COTE® Coating Process and **high grade steel** gives a **durable and easy to clean finish**.

MADE IN AUSTRALIA

Quality product crafted by Hunter Douglas Limited, with over 60 years experience in manufacturing premium home improvement products for the **Australian market**.

ENGINEERING AND OPERATIONAL TESTING

Engineered for Australian conditions (to BCA guidelines) and compliant with Australian Standards. Independently tested and approved for cyclonic regions*.

GUARANTEED 10 YEAR WARRANTY*

SHADEMASTER® delivers piece of mind with a **10 Year Warranty** on your insulated roof panel.

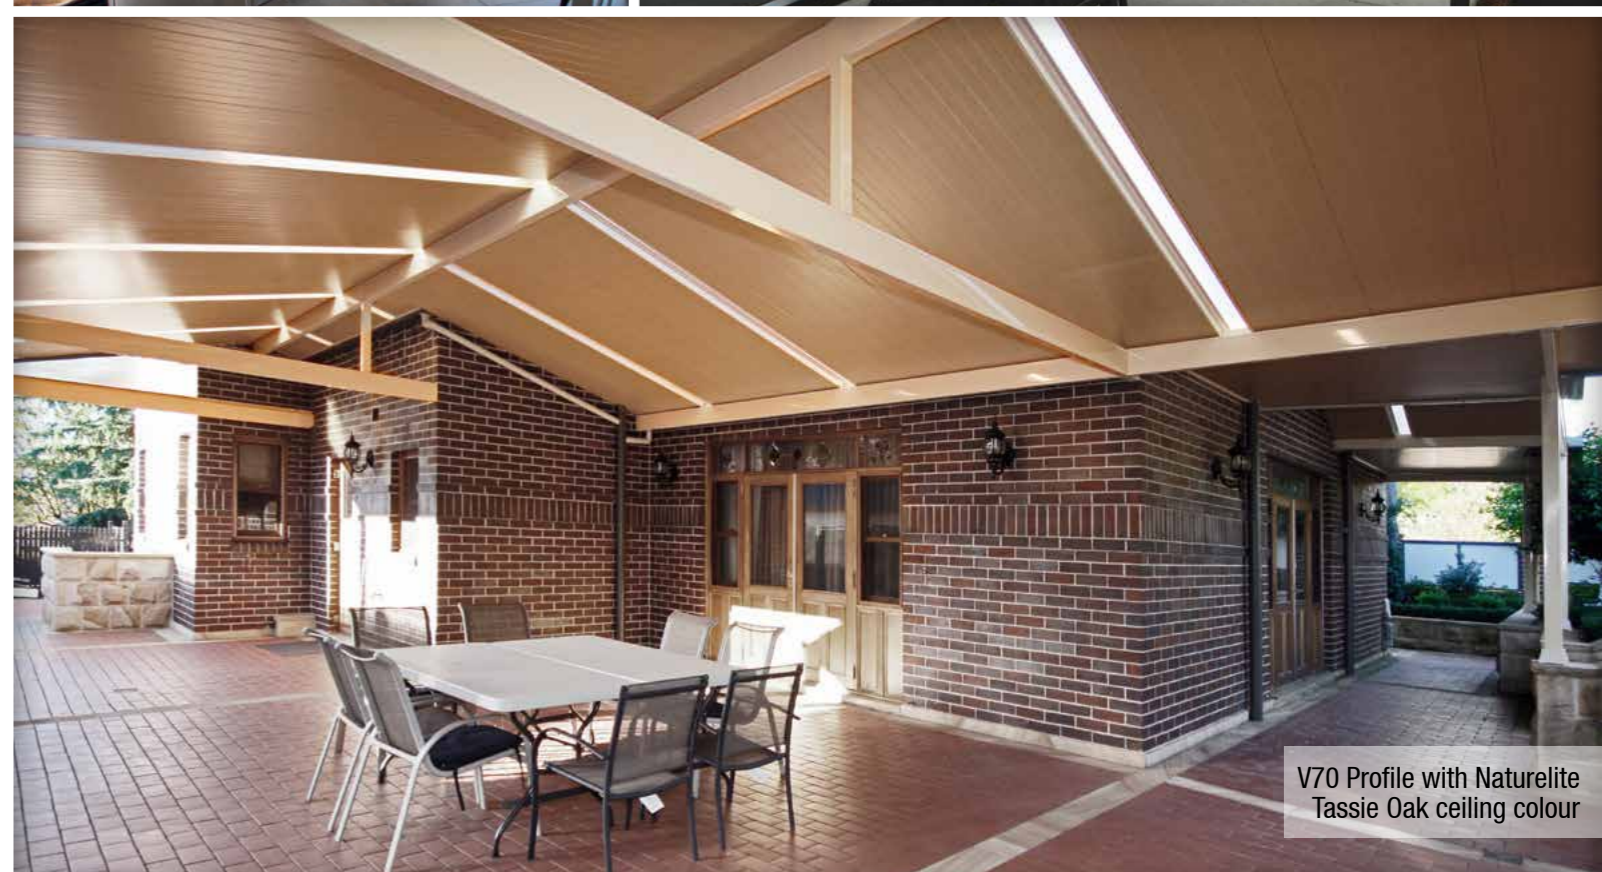

*Refer to the JCU Report TS740 September 2009. *Conditions apply. See www.hdshademaster.com.au for warranty document.

SHADEMASTER® Insulated Panel featuring an all-in-one roof

ROOF LAYER

The roofing layer is made from high grade steel and available in a choice of 12 stylish high gloss colours delivering a heat-reflective and easy to clean finish.

CEILING LAYER

The ceiling layer is made from high grade steel and available in a choice of 7 stylish low gloss colours and three different options to choose from so you can tailor the look to suit your home.

INSULATION LAYER

The insulation Layer is made from a highly insulating expanded polystyrene. It is bonded under pressure to the top and bottom skins with specially formulated adhesive to give strength and durability. Available in 35mm, 55mm, 90mm and 115mm thickness options.

Customise your look with 3 profile options to choose from

SMOOTH

Clean, modern appearance replicating an internal ceiling look.

V140

Stylish look with 140mm wide v-groove spacing, creating a distinctive point of difference.

V70

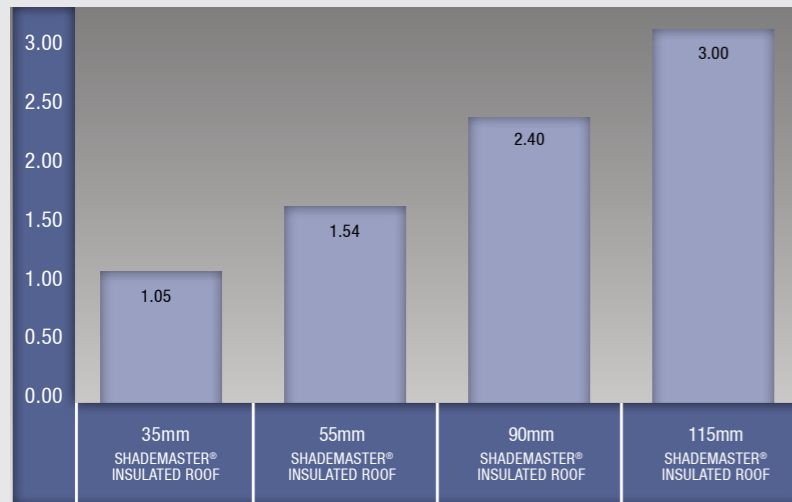

The original unique decorative ceiling profile with 70mm wide v-groove spacing.

Superior Insulating Performance

The 'R-value' of material, is the measure of its resistance to heat flow across its surface. The larger the R-value of a material, the more the material insulates keeping the area cooler in summer and warmer in winter.

Common Examples	'R' Values
Glass windows	0.17
Double glazed windows	0.50
Single skin roof	0
115mm SHADEMASTER® insulated roof	3.00

SHADEMASTER® insulated roof panels have significantly increased insulating properties for all year comfort.

All calculations for the above are based on a mean temperature of 23°C in compliance with AS 4859.1:2002 Section 2.3.3.3

Naturelite System

For letting some light into a dark covered area, SHADEMASTER® offers the perfect solution.

The Naturelite System features translucent roof and ceiling panels that fully integrate with the complete range of insulated roof panels, allowing natural light into the area.

The ceiling panel can be easily removed for cleaning and provides a flush look to the ceiling.

Colour Selector

The HD COLOR-COTE® Coating Process produces one of the finest and most durable modern colour coatings available with outstanding corrosion resistance, combined with excellent colour and gloss retention.

Customise your SHADEMASTER® insulated roof with a choice of 84 colour combinations. Simply choose your roof colour, then select your ceiling colour.

ROOF COLOUR: 80 GLOSS

CEILING COLOUR: 25 GLOSS

Note: Colours are as accurate as the printing process allows, please refer to the Colour Deck Swatch.
